BABY STRAPPED TO MOTHER'S BACK DIES AFTER JOSTLING BY WHARF CROWD

Tragedy stalked the footsteps of a Chinese woman yesterday, when, with her infant child strapped to her back she sought to embark on one of the steamers leaving for Macao from the wharf of the Hongkong, Canton and Macao Steamboat Company.

The wharf was crowded and there was the usual rush and scamp as Chinese passengers tried to embark on the ship.

The woman was caught in the worst part of the rush and one of those who had to undergo a good deal of being pushed about by the unthinking crowd.

She eventually managed to get on board and patiently found a seat on deck where she sat down to recover from the effects of the jostling. She had almost forgotten that she was carrying an infant behind her.

NOT A CRY

Realisation suddenly came to her when she became aware that the child had not uttered a cry throughout the hustling and had not even made its presence felt by so much as a move.

With hasty motherly anxiety she unstopped the infant from her back to find that her worst fears were confirmed—the child was dead, its little life squeezed out of

KONOYE COMMANDED TO FORM NEW CABINET

American Press Comment On Yonai Downfall

PRINCE FUMIMARO KONOYE, Prime Minister of Japan from June, 1937, to January, 1939, when he was succeeded by Baron Kiichiro Hiranuma, has been commanded to form a new Cabinet in succession to Admiral Mitsumasa Yonai, states a Reuter message from Tokyo.

The Emperor of Japan yesterday summoned Prince KonoYE and asked him to form a Cabinet.

Prince KonoYE arrived in Tokyo from Karuzawa early yesterday morning.

Emperor Hirohito returned to the Palace from Hayama at 5 p.m.

The Lord Privy Seal, Marquis Koichi Kido, conferred with a number of leading statesmen, mostly ex-Premiers yesterday afternoon.

Count Toriyasu Arima, a close friend of Prince KonoYE, declared that the latter would certainly accept the Premiership.

TOTAL RESOURCES

Ardent hopes were expressed by all the newspapers, irrespective of their party colourings, that the coming Cabinet change will result in the establishment of such a powerful new national political structure, so as to regiment the total national resources for the purpose of not only attaining the

ultimate objective in the China Affair, but of meeting efficiently the rapid developments of the world situation in the efforts to discharge Japan's mission.

The Nihon Nichi Shimbun says, "The outgoing Yonai administration was never inferior to any Cabinet in the past few years."

The paper points out that the situation confronting Japan calls on her to establish a powerful political structure, so as to reorient her foreign policy.

A NAZI ECHO

NEW YORK, July 17 (Reuter).—The fall of the Yonai Cabinet was referred to by the New York Times as "one of the several Far Eastern echoes of the Nazi victories on the other side of the earth," and the other echoes are the closing of the Chinese supply lines through Indo-China and the Japanese demands about the Burma Road.

"The Japanese are out apparently to end British influence in the Far East, once and for all, but nevertheless, there are weaknesses in Japan's position unless the Chinese sources and supplies will be completely cut off, and this means eliminating Russian aid."

"The Japanese can hardly hope to master Western China, as their hold isn't secure even in the Eastern provinces."

NEW FOREIGN MINISTER?

TOKYO, July 17 (Reuter).—Prince KonoYE sponsor of the movement for the new single powerful national policy, is freely predicted by well-informed circles here, as the most likely person to succeed Admiral Yonai as Premier.

In such an event, Mr. Yosuke Matsuoka, the President of the South Manchuria Railway and Cabinet advisory councillor, is expected to be Foreign Minister.

A moot point is whether the Burma Road agreement can be consummated before the new Cabinet is installed.

BURMA ROAD AGREEMENT REACHED: NO TRANSIT OF ARMS TO CHINA AS FROM TODAY: BUTLER APPEALS TO COMMONS MEMBERS TO AWAIT FULL STATEMENT

CHIANG WARNS BRITAIN

CHUNGKING, July 17 (Reuter).—Generalissimo Chiang Kai-shek warned Britain that she would not only forfeit China's friendship, but that she will also sacrifice her own position in the Far East should she try to link the question of the Burma Road with Sino-Japanese peace, as they would practically amount to assisting Japan to bring China to submission.

The Generalissimo added that so long as China has not attained the object for which she is fighting and suffering, namely the preservation of China's sovereignty, territory and administrative integrity, she will not lay down arms.

The above statement was made by the Generalissimo in commenting on the reports of the Anglo-Japanese negotiations for a possible peace between China and Japan.

CANNOT BE SHAKEN

Such British action, he said, would amount to assisting Japan to bring China to submission. He went on to say that "China has for the last three years resisted aggression with a will which cannot be shaken by coercion on the part of any third Power."

"Should Britain make any such attempt she would defeat her own purpose to her serious detriment. "If by closing the Burma Road she hopes to shorten the war in the Far East, I am sure, on the contrary, she would lengthen the duration and widen the scope of the hostilities."

"So long as China has not attained the object for which she has been fighting and suffering, namely the preservation of China's sovereignty, territory and administrative integrity, she will not lay down arms."

"Britain, as well as other countries, must realise that the revolutionary spirit of New China, coupled with her indomitable will to resist, knows no defeat."

MADRID, July 17 (Reuter).—It is officially announced that Spain has broken off her diplomatic relations with Chile.

Liberal M.P. On Shameful Act Of Appeasement

As from today, for a period of three months, the British Government will prohibit transit through Burma of arms and ammunition, as well as petrol, trucks and railway materials.

This is the result of negotiations, as announced by a Japanese Foreign Office spokesman yesterday, following an hour's talk between Sir Robert Craigie, British Ambassador to Japan, and Mr. Hachiro Arita, Foreign Minister, when an agreement on the question of the use of the Burma Road was formally reached, says a Reuter message.

ANSWERING QUESTIONS ABOUT THE ANGLO-JAPANESE AGREEMENT ON THE BURMA ROAD, in the House of Commons yesterday, Mr. R. A. Butler, the Foreign Under-Secretary said, "As the House will be aware His Majesty's Government recently received certain requests from the Japanese Government concerning the passage of supplies to China."

"His Majesty's Government has been considering these requests and have made substantial progress towards an agreement for a specified period with the Japanese Government. News of the conclusion is expected at any time."

Mr. Butler indicated that a full statement would be made later and hoped that meanwhile members would not press him for replies to any specific points they might raise.

Mr. Wilfred H. W. Roberts (Liberal) asked whether in view of the public statement by Mr. Cordell Hull, Secretary of State, the American Government had expressed its approval or disapproval of the arrangement made.

Mr. Butler: I think I must leave the interpretation of American statements to the Americans.

Mr. G. Le M. Mander (Liberal):

(Cheers) before he has heard the full statement which I have asked the House to await and which I am not in a position to give at present as I have not full information.

After further supplementary questions, Mr. Butler again appealed to the House to await the statement.

IN THE LORDS

When the House of Lords met, Lord Cecil asked if the Government could make a statement on the negotiations with Japan.

Replying, the Foreign Secretary, Lord Halifax, made a brief statement similar to that made by Mr. Butler in the Commons, and added: "By reason, however, of the resignation of the Japanese Government I have no further official information as to the conclusion of the agreement and I accordingly am unable to make a full statement at the present time."

"I hope to be in a position to do so at an early date and I hope to do so tomorrow."

BRITAIN'S DECISION CRITICISED

CHUNGKING, July 17 (Central).—In a statement issued yesterday regarding the Burma route question, a spokesman of the Ministry of Foreign Affairs stated that in spite of the Chinese Government's repeated declarations of its stand, the British Government has yielded to Japan's pressure and accepted her unreasonable demands to stop the transport of certain goods to China over the Burma Road, during a designated period.

Recalling that the British Government had declared on many occasions in the past that its policy toward China will not be changed, the spokesman said that its present step can not be reconciled with its declared policy under whatever explanations.

The spokesman emphasised that the Burma Road is not only an important communication route for China but also an indispensable commercial route for many countries and therefore its free use must not be regarded as only a question between China and Burma but taken as an international question affecting all the countries with enormous commercial interests in the Far East.

WITHOUT GROUND

From the legal standpoint, the British stand, the spokesman declared, is absolutely without ground. Since Japan has not declared war on China, she can not enjoy the belligerent rights recognised by international law, nor is it necessary for any third Powers to fulfil the obligations of neutrality.

Even if Japan obtained full belligerent status, she would have only the right to search ships of neutral countries on the high seas or within her enemy's territorial waters, seize war contraband goods, Cont'd Page 7, Col. 1

SINCLAIR PAYS FINE TRIBUTE TO BRILLIANT WORK OF ROYAL AIR FORCE: DOMINIONS' PART

QUIET DAY ON MOYALE FRONT

NAIROBI, July 17 (Reuter).—A quiet day was reported the Moyale front.

Wallis was bombed yesterday by enemy aircraft, but no damage or casualties were reported.

A STRIKING TRIBUTE TO THE BRILLIANT WORK OF THE ROYAL AIR FORCE and to the gallant part played by the pilots, gunners and wireless operators who had come from the Dominions and Colonies to take their place in the defence of the Mother Country, was paid by SIR ARCHIBALD SINCLAIR, Secretary for Air, in the course of a broadcast address from Daventry last night.

"The enemy has a numerical preponderance in air power," said Sir Archibald. "This is a serious matter, but it is no cause for dismay."

"It is nevertheless certain that we will have to withstand very soon an attack from the air greater than anything we have yet seen. It is possible that a great onslaught is about to be launched on this country."

"If it comes, it will fail. But a war cannot be won until we have passed from the defensive to the offensive not only in the air and on the sea, but on land as well."

"This means the production of increased numbers of aircraft and the training of an increased number of men. We have already made remarkable progress in aircraft production, but production of aircraft must be balanced by trained crews, because the loss of a pilot is a much more serious matter than the loss of a plane."

"We have no lack of young men to be trained for this work. What Cont'd Page 12, Col. 3

Another Night Raid On Italian Naval Base

CAIRO, July 17 (Reuter).—A R.A.F. communique states that another night raid was carried out on Tobruk, Italian naval base, by R.A.F. bombers. Many bombs fell in the target area.

Enemy bombers yesterday raided Sidi Barrani but there were no casualties and the damage was negligible.

At the Asmara, aerodromes and by two R.A.F. fighters. One of the enemy aircraft was shot down and one of our fighters crashed on landing. The fighter which crashed was the first R.A.F. casualty in Malta for five weeks.

Repeatedly two or three British fighters have been in action against Italian formations, sometimes of 20 strong. Although greatly outnumbered, these fighters have accounted for a large number of enemy aircraft.

S'hai Paper Replies To "Order"

DEPORTATION IS DISMISSED

SHANGHAI, July 17 (Reuter).—The reply to the Nanking Government "Order for deportation" was published yesterday on the front page of the Shanghai Evening Post and Mercury by Mr. Correllus Starr, President of the Post and Mercury Company, publishers of the Evening Post and Mr. Randall Gould, Editor of the Evening Post, who are two of the seven foreigners whose deportation was demanded.

The statement says that both are Americans in China, under the protection of American law. Neither has violated or intends to violate the American law.

"Therefore, the deportation order may be dismissed as of no consequence. It cannot and will not be carried out."

Mr. Starr and Mr. Gould declare in the statement that "will go on uninfluenced by either fear or favour."

MERGER OF JAPANESE WHARVES

SHANGHAI, July 17 (Reuter).—The Municipal Council has lodged a protest with the local Japanese authorities in connexion with the Japanese scheme to form a merger of the wharves belonging to Japanese shipping interest along the Yangtsepo River.

The alleged scheme will block and prevent free access to the public jetty, separating the N.Y.K. O.S.K. and D.K.K. wharves.

The scheme for merging three of the most important Japanese wharves in the city, it is recalled, was announced earlier this week by the Japanese, when it was stated that the shipping companies were negotiating for the purchase of the public jetties along the Yangtsepo.

TWO NEW RECORDS IN LAWN BOWLS LEAGUE

Senior Division Matches Resulted As Expected

BY "NO. 1"

The bright weather last Saturday rendered possible the completion of a full Lawn Bowls League programme and results were as expected.

Recreio "A" had no difficulty in beating Kowloon Cricket Club on the home-green.

Goodwin had the better of Alves and led for the greater part of the game but conceded five at the last head to win by 20-17. His was the only visiting rink that won. 1 notice Mulcahy was playing No. 3 to Goodwin instead of Fraser, his regular No. 3.

F. X. Silva, after losing a few matches, recovered again by beating Kern by seven shots. Carlos Silva proved too good for Teddy Pincher winning by 27-14, after a lead of 16-3.

C.S.C.C. WIN

Civil Service Cricket Club, playing at home, beat the Police Recreation Club by eight shots. Harry Strange led Shepherd by three shots at the 11th head but chalked up 12 on the next five to lead by 24-9. Thereafter he managed to score only two thus finishing up with ten shots to his credit. Fender's rink was the only visiting four to be up beating McGowan by six shots. Fender seemed to be scoring in threes and had five threes in his 21 shots against McGowan's 15. A. E. Carey had a shaky start against Jones and was 11 shots in arrears at one period but improved towards the end to lose by 19-15.

INDIANS BEATEN

The Indian Recreation Club, playing against Kowloon Bowling Green Club at Austin Road, lost badly on one rink which cost them two points. Dallas was overwhelmed by Adam Holland losing by 21 shots. Man for man the Bowling Green players were more consistent in particular Walker, Holland's lead, and the skip himself, were very deadly with their woods. Scoring eight shots at the last two heads Holland placed the Bowling Green team in a formidable position.

Minu was leading Sheriff for the most part but conceded a five on the second last head to lose eventually by 21-18.

Abbas had the better of Hall taking the lead from the first head which he maintained to the end to win by 27-19.

OMAR ON FORM

Craigengower Cricket Club visiting their neighbours, the Hongkong Football Club, won by a small margin of five shots. They should be thankful to Omar's rink which had an overwhelming victory over Bebbington to collect the two points for Craigengower. A. K. Ismail was playing No. 2 to Omar, as the latter's brother, A. M. Omar, was indisposed. Omar scored on 14 heads while Bebbington chalked up six singles and a brace on the other seven. Omar won by 11 shots.

Duncan, on the adjacent rink, made a fine recovery to beat Roosevelt 22-17.

Robertson had a very even tussle with Basa and managed to beat him by a single shot. Gelling played an inspiring game which was greatly responsible for the defeat of Basa's rink. It is high time that the Footballers strengthened Bebbington's four if they went to win more matches. I would suggest putting Gelling as No. 3 to Bebbington.

GREAT WIN

Kowloon Docks, playing at home, managed to beat Recreio "B" by nine shots and this was due to the great win of Cullen over C. Roza-Pereira who took the place of J. J. Basto as skip.

The other two Portuguese rinks won by 14 shots but even that score could not make up for the heavy defeat of their third rink. Roza-Pereira's six shots sets a new record for a low score in the First Division.

Basto led Morrison 4-2 at the second head but conceded a six at the next to be led 8-4 but he recovered to beat Morrison by five shots.

J. E. Noronha proved a hard nut to crack for Rempton and had an

SECOND DIVISION

Hongkong Cricket Club, playing at Chater Road, had the better of Civil Service C.C. by three shots despite Maughan's defeat at the hands of Eccleshall. The latter was the only visiting rink to win. Maughan lost by 23-10.

Brown started with 7-0 at the third head and by big counts he kept ahead of Hillier though the latter scored on 13 heads to Brown's eight.

R. R. Davies, making his debut as a skip in place of L. A. R. Duncan, had no difficulty in beating C. Strange by ten shots. Down at one stage Davies chalked up nine on the next three heads to lead Strange by eight shots which was increased by a brace at the last head to win 23-13.

POINTS FOR TAIKOO

Taikoo entertained Kowloon Cricket Club and won on two rinks to collect the two points. Chalmers' start and finish were notable for he scored on the first six out of seven heads and then on the last seven out of nine heads to beat Marks by 30-17.

Sparry trounced Keown when he chalked up two fives and a four scoring on eight out of the first ten heads. He gained another five in the latter part of the game to win by 30-15. Carr could only score on seven heads to lose by 23-11 to Munro.

RECREIO ON TOP

At the Valley, Recreio beat the Police with comfort.

E. Souza's rink was in the lime-light and beat J. S. Riddell's four by 28 shots thus creating a new record for the Second Division this season. Souza collected two sixes in his 35 shots.

Yvanovich and Macdonald were very even and the Portuguese rink won only by a single shot on the last head.

Remedios fell an easy prey to Channing who ran away with a margin of eight shots at the 13th end but the last head saw him win by six shots.

K.B.G.C. WIN

Kowloon Bowling Green Club playing away won on all rinks against Craigengower.

Duncan had a shaky start against Way but scored nine shots on four consecutive heads to lead 14-10 to finish by beating Way 27-20.

McNeill's 100 per cent record was shattered by H. L. Lockhart after six victories. Both rinks played excellent bowls and it was anyone's game as the score at the 20th head was 16-all but a brace on the last head gave Lockhart the distinction of breaking McNeill's record.

Another close game was witnessed between Drew and Lewis the former winning by 23-21. Drew started off very well but fell off towards the end.

NARROW VICTORY

Kowloon Football Club, visiting Kowloon Tong, managed to get home by a small margin for which Simpson's rink was mainly responsible. Simpson was down by four shots in the first half of the game but chalked up 13 on the next seven out of eight heads to beat A. H. Basto 19-11. Stephens made a fine recovery to beat Younghusband by two shots despite the fact that he lost to Duncan by 23 shots the previous week. Younghusband was three shots up at the 15th end but on the next four heads Stephens chalked up a three, two and single to take the lead 18-13. Younghusband could only score two singles on the last two heads to lose 19-17.

A more even game was seen between Kew and Field. They were 18-all at the 17th end but Kew managed three singles and con-

ceded one shot on the last four heads to win by 21-19.

THIRD DIVISION

The outstanding feature in the Third Division matches last Saturday was that all the winning teams scored over 70, and under 80, shots.

The Prison Officers Club playing at Stanley beat Hongkong Electric Recreation Club by 23 shots, being up on all rinks. There were a few changes in the Electric team, Muskett was playing No. 3 to Paul while Lunny did not play. Sloan returned to skip the rink.

Jillot's and Sloan's rinks were playing well and the scoring was very low. They were 17-all at the 20th end but the last head saw Jillot, with a single, beat Sloan 18-17.

Paul, who lost his 100 per cent record, was badly beaten by Bagley by 24-13. Pile had a good start and was leading Thomson by 17 at the 15th end but the latter rallied though not sufficiently and lost by 11 shots.

C.C.C. TROUNCED

The Indian Recreation Club trounced Craigengower Cricket Club at Sookunpo. The Indians were up on all rinks and secured victory by 41 shots.

Bakar allowed Alves to score only on eight heads to collect nine shots against Bakar's 20. Lam found Wahab very difficult and the latter piled up a huge score of 27 shots.

Rumjahn accorded similar treatment to Rozario beating the latter 29-13.

TOO GOOD

Football Club proved too good for Hongkong Cricket Club at the Valley. Graver found McKellar rather tough and trailed the latter very closely. He scored three shots on the last head but still found himself short by one shot 26-19.

Wallington was well ahead of Cassidy and beat the latter easily by 14 shots, 31-17.

Watson treated Abraham similarly and allowed him to score at six heads only. The finish saw Watson win by 18 shots.

Incidentally, I notice Barnes did not appear for the Footballers for the second in succession. He is a very consistent player and the Footballers could strengthen Graver's rink by the inclusion of Barnes.

SMALLEY SHINES

Kowloon Football Club, playing at home, beat Kowloon Bowling Green Club by 19 shots.

Smalley's rink was the outstanding of the six on view.

Smalley started with 15-0 at the 6th end, 16-3 at the 10th, and finished up 35-10 against Jordan, a creditable score. Evans led Hamilton when he scored a five on the 12th head and finished up 21-20 after conceding three singles on the last three heads. Dinnen was the only visiting skip to be up. He chalked up 18 shots on eight heads in succession and was leading 20-7 at the 12th end but Smith managed a five and a six to make up his 18 shots. Dinnen won by seven shots, 25-18.

PROSPECTS FOR SATURDAY

Indian Recreation Club will be entertaining the Kowloon Docks and should have no difficulty in beating them.

A good game is expected at King's Park when Recreio "A" will

be at home to the Kowloon Bowling Green Club. The Champions have a better balanced team and should win especially as they will be playing on their own green.

There will be a very even tussle between the Kowloon Cricket Club and Civil Service Cricket Club when they meet at Cox's Road. It is hard to decide but my vote is for the home team.

Hongkong Football Club will be at home to the Police Recreation Club and should manage to collect another two points.

Recreio "B" will entertain Craigengower C. C. and, in my opinion, will go down by a few shots.

SECOND DIVISION

Craigengower will meet Kowloon Tong at the Valley and should win by a small margin.

Kowloon Bowling Green Club should have no difficulty in overcoming the weak Police Recreation Club team.

Kowloon Football Club, should have an easy time against Hongkong C. C.

Kowloon Cricket Club will be at home to Recreio but they will find the Portuguese team a bit of an obstacle.

Taikoo Dock Recreation Club will visit the Valley to play Civil Service C. C. and should have no difficulty in winning.

THIRD DIVISION

Indian Recreation Club should play at home but as their First Division will be playing at Sookunpo the match against H. K. C. C. will take place on the Chater Road green and the Indians should win by a small margin.

Hongkong Football Club will entertain Hongkong Electric R. C. but will find the latter a hard combination to beat.

A good game is promised at Austin Road when the Bowling Green will play the Prison Officers Club. I favour the former to annex the points.

Another good match will be decided at the Valley when the Kowloon Football Club will play the H. K. F. C. who should manage to win by a small margin.

MINDANAO PLAY FINE DEFENSIVE BASEBALL

Well On Way For Season's Pennant Honours

BY R.O.Y.

Playing to the largest crowd of cash customers seen at Caroline Hill this season, U. S. S. Mindanao downed Chung Hwa last Sunday by 7 tallies to 5, to hurdle one of their main obstacles in their quest for the 1940 Hongkong pennant.

In the other league fixtures decided during the weekend, Royal Engineers stuck hard-and-fast in the cellar berth when they went under to South China by 11 runs to 17, and the Hongkong Brewers stayed in the championship race by trouncing the Hongkong Baseballers by the wide margin of 13 markers to 2.

An added attraction was the U. S. Naval clash, staged by the Asheville and the Tulsa, which wound up 5-1 in favour of the Asheville for whom Joe Harvey hurtled seven hitless innings.

"THEN CAME THE DELUGE" Despite the six run margin held by the winners, the South China-Engineers fracas was a nip-and-tuck affair during which the scores were tied at 7-all in the fourth and 11-all at the end of the sixth.

Starting the first of the seventh, Pang fanned for the first out, Ng singled to left and pliffed second. Law grounded to Denyer for the second out, Ng taking third on the play.

Then came the deluge. Lau was safe when Ng unsuccessfully tried to stop Ng from scoring. Ma walked and Yip batted in Lau with a single. Ha drove in another with a drive to centre and Yip tallied when Wells dropped Wong's fly to the middle garden.

Pau drove in Ha and Wong with a single to right before Pang was pegged out by Foley.

Ings, Taylor and Denyer were put away 1-2-3 in the Sappers' half of the same inning.

TWO FOR TWO

Fau paced the winning hitters with three hits of which one went for two bags. Law clouted a double in his only time up while Cecil Wing Lee batted for 2 in 2. Foley singled three times for the Sappers, while two-hitters were Tom Fox and Ings. The fielding of squads left much to be desired, but Shaw and Ha, the opposing first basemen, handled 22 chances between them without error.

"FINE DEFENSIVE DISPLAY" In defeating Chung Hwa, the Mindanao gang gave their finest defensive display of the campaign to merit their victory despite being out-slugged six bases to twelve.

Although hits were six apiece, the Chung Hwa boys clouted two triple-baggers and a brace of doubles, of which one of each were garnered by Tuffy Chinn and "Granpop" Leung. The latter's efforts batted in three of the losers' tallies and were made to the accompaniment of hearty cheering from the Mindanao and Chung Hwa supporters alike.

After the rain had stopped, the Tulsa and Asheville mines took the field to stage a battle that had been given plenty of advance publicity. The Asheville commenced proceedings by going on the three-run spree in the very first stanza, and then increased their lead with another pair of markers

The lone Tulsa tally was scored by Pete Peterson who walked and came home on three successive wild pitches, which together with the six Annie Oakleys he conceded, snarled Harvey's display.

Lefty Stockton hurried well for the Tulsa, but did not have the best of luck, walking four and fanning the same number of Asheville batters. Of the six hits which were garnered by the winners, Williamson's two-bagger was the only extra-base clout.

INTERNATIONAL

With the end of the league fixtures, in sight, fans are looking forward to the annual International Series to provide the entertainment for the tail end of the season. To prepare for this tournament, the League committee will hold a meeting at 5.30 p.m. this afternoon, at the Brook Club, Kowloon. In addition to the proceeds of this tournament, it is understood that a proposal will be made that the league should sponsor a special series in aid of the War Fund.

FLYING TO NEW YORK

LISBON, July 17 (Reuter).—The
Duke and Duchess of Windsor
have booked passages by the Clip-
per to New York and are expected
to fly from New York to the Baha-
mas by special plane immediately
on their arrival.
Their passport has been visaed
by the American Consulate, but
no definite date has been fixed
for their departure. It is report-
ed, however, that they will leave
this week.

U.S. DOES SOME "SOUNDING"

WASHINGTON, July 17 (Reuter).—
Following reports from Santiago,
Chile, that the United States had
sent the Chilean Foreign Minister
a note regarding the establish-
ment of a protectorate over the
European possessions in Central
and South America, informed cir-
cles here state that the United
States is sounding the other
American countries on their at-
titude to the proposal. The plan
is said to be receiving favourable
attention in Washington.

MORE BEAUTIFUL GREATER THE DAMAGES

Talking about rackets, the love
racket in America has long since
reached almost laughable propor-
tions. Judgments rendered and
amounts awarded in that Land of
the Free for breach of promise,
alimony and alienation of affec-
tions are the wonder of Europeans.
A woman bereft of the love of
an American man has, in opinion
of her peers, lost something of
almost incalculable value, and
great should be her compensation.
The large sums which men have
been forced to pay as heart balm
in the United States have, prac-
tically without exception, been
awarded by their fellow men. The
agony suffered by a lovely damsel
because of a broken vow is worth
anything from \$5,000 to \$500,000
—depending chiefly on the beauty
of the damsel.

UNECONOMIC BASIS
The prettier the plaintiff the
larger the award she will get from
a masculine jury—a high une-
conomic basis of decision, because
it is obvious that the more allur-
ing the woman, the smaller are
the chances that her hopes of love
have been eternally blighted.

These surface considerations,
however, weigh nothing with a
jury composed entirely or even
partly of women, who regard their
sisters with a far more coolly ap-
praising eye and a marked degree
of scepticism.

The right to sue for breach of
promise is based on the supposition
that a few endearments whispered
hushly in the moonlight or over
the table at a night-club, or two,
other attentions constitute a legal
contract, and that when they are
not followed by marriage the one
who has broken the contract may
sue.

Although it is obvious that many
plighted troths are broken by
women, sometimes cruelly wound-
ing the feelings and pride of the
cast-off lovers, these fickle ladies
are almost never hauled into court;
in even fewer cases have awards
been made to men.

LONDON'S "DEAD END KIDS"

Evacuation is proving that the
old adage "Some good always comes
out of evil" is correct.

For evacuation is helping to turn
London's "Dead End Kids" into
good citizens.

This is the opinion of British pro-
bation officers, who claim that
evacuation of London's little
roughnecks has improved their
mental outlook and given them a
better view of life.

Juvenile crime was expected to
increase when war broke out. In-
stead, very few culprits are coming
before the British children's magis-
trates.

Since the war began only one
children's court has been open in
London. Four more were opened
last week—but only to make it
easier for children to reach them.

Views of Probation Officers
Miss Grace Beasley, senior pro-
bation officer for one of the courts,
said today:

"Two-thirds of the children in
my area are now back, and I am
agreeably surprised at the small
number of cases.

"Evacuation has made a big im-
provement. One boy who had been
giving great trouble at home, and
had been put on parole, was eva-
cuated from September to Christ-
mas.

"He returned with a much bet-
ter view of life, after seeing how
other people live, and is giving no
further trouble.

"This is not an isolated case,
there are scores like him."

The chief inspector of schools
for the London County Council,
who has been investigating the
effects of evacuation reports,
"Children have benefited physical-
ly, mentally and socially."

CHINESE GOVERNMENT'S STRONG PROTEST

Diplomat In London Says Japan Is Bluffing

LONDON, July 17 (Reuter).—Reuter understands the Chinese Government has presented a strong protest to Britain against the proposed closing of the Burma Road, as contrary to International Law, and the resolutions adopted at Geneva by Britain and other Powers, to do nothing to weaken China's powers of resistance to Japan.

Mr. Quo Tai-chi, Chinese Ambassador in London, interviewed by Reuter, said that all Chinese were convinced that Japan, now inextricably bogged in China, was bluffing.

He added that it was difficult to understand the reported attempts by Britain to mediate peace between China and Japan which could only have the effect of reaping increasing her aggression against British interests in the Far East.

"But in any case China's position is the same as it has always been. She will never make peace

until all Japanese troops are withdrawn from Chinese soil."

Regarding the British offer to Japan with regard to the Burma Road question, Reuter's diplomatic correspondent learns in authoritative quarters that Sir Stafford Cripps, British Ambassador in Moscow, has been kept informed in Moscow and the British Government is prepared to answer any questions that the Soviet may put to him, or may ask in London.

No protest has been received from the Chinese Government, but this may have been handed to our Ambassador in Chungking and may be on the way.

Mr. Quo Tai-chi has been kept informed of the progress of the negotiations which are still pending and when an agreement has been reached it is understood there will be a statement in the House of Commons.

RESTORES Dental Plates to Natural Colour

● No matter how badly stained your dental plate is, Stradent will clean it and restore its natural color.

Mr. H. R. of Bristol, writes:—I can certainly endorse all you say about Stradent. It not only cleans the plate, but also restores its natural color. The plate is as good as new after using Stradent. I had never had before, however much I scrubbed my denture.

Fill the cap of the tin with Stradent and pour the powder into a glass containing sufficient warm water to cover the dentures. Stir well. Leave your dentures in it for 10 minutes, or overnight. Stradent gives you a stainless and purified denture—free from film, particles of food and all foreign matter. It makes your plate like new and is harmless to dentures.

Hangchow Bay Operations

TOKYO, July 17 (Reuter).—According to a field despatch, the Japanese Naval forces at dawn today launched fresh operations in Hangchow Bay on several islands, this region being occupied by the Chinese.

A telegram from a Japanese source in Shanghai states that following the Japanese closure of the ports in the Chekiang and Fukien provinces, all foreign vessels scheduled to sail Shanghai for Ningpo have cancelled their departure.

MOUNTED RIFLES FOR N.Z.

LONDON, July 17 (Reuter).—The New Zealand Government has approved the formation of nine squadrons of mounted rifles for home defence. Recruiting will begin soon. The squadrons will be used in the hilly country where the mechanised units of the territorial army cannot operate freely.

BRITAIN IS READY

VERY IMPOSING STRENGTH

NEW YORK, July 17 (Reuter).—Three months' endurance might well see England past the crisis, says a writer in the Wall Street Journal.

That is the meaning of Mr. Churchill's summary of her readiness now, as she was not a month ago, to meet whatever is to come and it is a very imposing aggregate defensive strength that he listed.

In weighing England's chances of beating off an invasion there is a favourable circumstance that was not specifically included in Mr. Churchill's summary, although it was implied.

"Her armies shot inside the lines whereas the Nazi war machine is now dispersed over Central Europe, Norway, Denmark, the Low Countries and two-thirds of conquered France."

BAGDAD LINE COMPLETED

BAGDAD, July 17 (Reuter).—The last section of the Baghdad railway line connecting Turkey with Iraq was completed today, the first passenger train to leave Baghdad tomorrow for the Khaldaphanah terminus on the Asiatic side of the Euphrates, opposite Istanbul.

In peace time it would be possible to travel from Baghdad to London in seven days, changing carriages when crossing the Bosphorus and the English Channel.

The new track, 200 miles long, cost £3,000,000 and had taken four years to complete.

Germany Is Quite Frank, She Will "Go-Between" Them!

NO EXHIBITION OF ENEMY PLANES

LONDON, July 17 (Reuter).—Nearly all the enemy aircraft brought down in this country are so extensively damaged as to be useless for exhibition, declared Captain Balfour, Under-Secretary of Air, in a reply to the question in the House of Commons.

Those more or less intact are required for examination and experimental purposes and therefore it was not possible to adopt the suggestion that these planes be exhibited in various parts of the country.

WISE STATESMAN'S CONSIDERED OPINION

LONDON, July 17 (Reuter).—In the course of a leader yesterday the newspaper "Göteborgs Botändel" declared:

"Broadcasting is often used in the Devil's name, but there are exceptions. My God! How refreshing it is to listen to Mr. Churchill's cultivated English voice. Nothing strained or stilted here. Old English itself speaks—the Mistress of the Seas."

"One hears and sees the Atlantic surf, the Kent gardens, Oxford and Cambridge colleges and London's immensity. No mysteries; only facts that the war continues and will do so next year and the following."

"No use producing peace rumours for this man. Mr. Churchill is not only a learned, but educated man of world knowledge. Understanding what the stakes are, he cannot be frightened by poisoned arrows and 'nervous war.'"

"It was no figure of speech to say fight on till victory is won, but a wise and penetrating statesman's considered opinion."

BRITAIN TAKES GRAVE VIEW

LONDON, July 17 (Reuter).—In a written reply to the House of Commons yesterday Mr. R. A. Butler, Under-Secretary for Foreign Affairs, said the British Government had informed the Swedish Government that they took a grave view of the decision to allow German troops to cross Swedish territory and they cannot but regard the Swedish Government's action as a serious breach of neutrality.

THE BURMA ROUTE MAY BE CLOSED, BUT—

CHINA WILL FIGHT ON, SAYS GENERALISSIMO

CHUNGKING, July 17 (Central).—Referring to foreign reports that the British Government will accede to Japanese demands to close traffic on the Burma Road to China for three months on the understanding that the period will be used for peace negotiations between China and Japan, Generalissimo Chiang Kai-shek said in an interview with the Central News Agency yesterday that he did not believe that the British Government would take such a step in contravention of International Law and treaties and detrimental to her national prestige.

Generalissimo Chiang declared that any attempt on Britain's part to link the Burma Road issue with Sino-Japanese peace talks would be tantamount to giving aid to her enemy and the result would inevitably be sacrifice of China's long-standing friendship as well as Britain's position in the Far East.

UNSHAKEABLE RESOLVE

Emphasizing that no coercion of any third Power could shake China's firm position after three years' gallant resistance, Generalissimo Chiang stated that he was sure that any action along this line on Britain's part would produce results entirely contrary to her expectation and would bring about, endless calamities to herself.

Generalissimo Chiang added that Britain would be grossly mistaken if she thought that closing of traffic on the Burma Road would shorten the war in the Far East for this would only prolong it and widen its scope.

Referring that China would not terminate her resistance until she had attained the goal of territorial and sovereign integrity, Generalissimo emphasized that no outside pressure can stop China's resistance.

OFFICIAL CHINESE STATEMENT

CHUNGKING, July 17 (Reuter).—"We will fight on whatever befall us and we are confident that we shall win whether we are betrayed or not," declares a lengthy statement issued by the Foreign Office here, denouncing the alleged British decision to close the Burma route in compliance with Japanese demands.

The statement asserts: "No greater mistake is committed than to suppose that, with her routes of commerce interrupted, China would be compelled to sue for peace and accept whatever demands dictated by Japan."

The Foreign Office says that by its decision the British Government acted contrary to the principle of International Law, the Sino-British treaties and the resolutions of the League of Nations.

The statement adds: "The Chinese Government cannot but view with the gravest concern the decision taken by the British Government to suspend the action thus contemplated at once, at once as unfriendly and unlawful."

"Her action is thus tantamount to aiding and abetting China's enemy."

INDIGNATION RISING

CHUNGKING, July 17 (Reuter).—Indignation at the alleged British concession to Japan over the Burma Road issue continues to rise. It was stated in Chinese circles here.

There is reason to believe that the reports would not be published in the Chinese newspapers, which did not print the broadcast by the Acting Governor of Malaya.

There is also reason to believe that the Japanese forces would immediately intensify their military operations in an effort for a quick decision in China.

The following three months, according to Chinese quarters, will be a critical period for British Empire, but may prove also critical for China.

CHINESE ENVOY'S REPRESENTATIONS

LONDON, July 17 (Reuter).—The Chinese ambassador, Mr. Quo Tai-chi, called at the Foreign Office last night to make representations in regard to the temporary restrictions imposed on certain categories of goods over the Burma Road. Reuter's diplomatic correspondent learns from authoritative quarters in London.

The Ambassador expressed anxiety on the part of his Government at the possible consequences of any attempt to begin general peace negotiations at the moment, and at the same time made clear that the Chinese Government regarded any restrictions on the passage of vital supplies over the Road as not being in accordance with Britain's undertakings as a member of the League of Nations.

While fully appreciating the difficulties with which Britain is faced at the moment, the Chinese Government trusted that it will be made clear that our decision to impose such restrictions was not intended to prejudice Britain's future policy in regard to China.

It is pointed out in London that any general settlement envisaged by His Majesty's Government will only be in accordance to a just and equitable peace for China.

The Man's Drink That Women Appreciate

As the fame of that imperial cocktail, Gin and Rose's Lime Juice, spread from East of Suez to the West End of London, it was not the menfolk alone who gave the orders. Somehow their wives and daughters had discovered that

this drink, above others, was one to keep figures slender.

And with that discovery came another, that even a mere man who insists on Rose's Lime Juice tonight avoids a headache tomorrow.

Britain And Mexico

REPLY TO INDIRECT APPROACH

LONDON, July 17 (Reuter).—Asked in the House of Commons if he was aware that a high-placed German official has recently arrived in Mexico, and if effective steps were being taken to counteract his activities, Mr. R. A. Butler, Under-Secretary for Foreign Affairs, in a written reply said that he had no authoritative information of the arrival of such an official in Mexico.

"In any case British representatives in neutral countries watch closely for anti-British propaganda put-out by enemy agents and can be relied on to take all steps that lie in their power to counteract such activities."

In reply to another question about Mexico, Mr. Butler said the British Government is considering the terms of their reply to the recent indirect approach from the Mexican Government.

SPECIAL RUSSIAN SERVICE

22ND ANNIVERSARY OF CZAR'S DEATH

A special religious service to commemorate the 22nd anniversary of the death of Czar Nicholas II, Emperor of All Russia, and the Imperial family, was held at the Russian Orthodox Church, in Jordan Road, Kowloon yesterday.

Many members of the White Russian community in the Colony attended the memorial service, which was conducted by Rev. D. E. Uspensky, Vicar of the Russian Orthodox Church in Hongkong.

SHOT IN CELLAR

It is historically significant that exactly 22 years ago, sometime between the evening of July 17 and the morning of July 18, 1918, the last of the Romanoffs, Czar Nicholas II, the Empress, the three Princesses, and the heir apparent to the Throne, were all shot by the Bolsheviks in the cellar of a house in Ekaterinburg, Siberia.

Ever since, the loyal White Russians have been observing the anniversary of the assassination of the royal family throughout all parts of the world. Yesterday's service lasted under an hour, and was assisted by a choir, which sang ancient Slavic hymns. Special prayers were said for the late Imperial family.

ORDER TO QUIT PREMISES

Used As Shop By Defendants

An order to quit the premises was made against the management of the Wing Yu Co., defendants in a case claiming possession of the second floor of No. 23, Kai Yan Road, which was heard before Mr. Justice E. H. Williams at the Summary Court yesterday.

The claim was brought by Ma Ng Lai-king, residing at No. 22, Kennedy Road, landlady of the address in question. Mr. F. H. Loseby appeared for the plaintiff. Ho Sui-yung, sister of the plaintiff, told the Court that she had been looking after the premises in question for some years. The second floor of No. 23, Kai Yan Road was first rented to a tenant, named Cheng Lam. The tenancy was transferred last year to Li Sui-ying, of the Wing Yu Company, defendant firm.

SERVED NOTICE

On March 7 this year, she served a notice asking Li to quit, but he failed to do so. On April 7 when she visited the premises she found a notice posted on the door, giving information that the company had removed from the floor.

Her reason to ask them to quit was because the premises had been used as a shop and the staircase had been damaged during the moving of boxes, coupled with the fact that the company had erected a toilet compartment on the roof. Granting the order against the Wing Yu Company, Mr. Justice Williams said that the new Tenancy Ordinance only protected tenants who had been residing on the premises prior to the passing of the law, and as the defendants only moved in the premises for about 18 months, they were not entitled to protection under the Ordinance.

Registration Of Persons

Members of the public are reminded that, under the recent Amendment to the Registration of Persons Ordinance, certain classes of people were required to register at the Registration Office, Supreme Court, or the Registration Office, Kowloon, within two weeks of July 5, 1940. The last day for registration is Saturday, July 20, and any persons who are required to register and who have not done so by that date will render themselves liable to imprisonment.

It may be necessary to remind members of the public that registration is compulsory for the following persons:

- all female British subjects, except those of Chinese race;
- all male British subjects of over the age of 55 years, except those of Chinese race;
- all children of either sex under the age of 18 years, except those of Chinese race.

KOWLOON ARMED ROBBERY

TWO MEN FOUND GUILTY AT SESSIONS

Appearing before His Honour the Chief Justice, Sir Atholl MacGregor, at the Criminal Sessions yesterday, charged with robbery, Kwong Chiu-sang and Chung Pang-fai were both found guilty and were sentenced to 18 and 21 months' hard labour respectively, with 12 strokes of the "cat" each.

Mr. J. P. Murphy, Assistant Crown Solicitor, prosecuted and the jury comprised of Messrs. I. Linaker (foreman), J. R. Sinding, E. M. de L. Soares, H. A. Alves, J. L. Alves, E. U. S. Alves and Wong King-fong.

The complainant in the case was Ching Man-chouk, a student of the La Salle College, Kowloon, when he was walking to school about 8.15 a.m. on June 19, and when nearing the junction of Waterloo Road and Argyle Street, two persons confronted him and walked by his side. One of the men asked Ching for some money and when Ching ignored the demand, the first accused, who was one of the two, put his arms round Ching while two men came up to assist in the crime.

The third man produced an instrument which looked like a knife, while the fourth snatched Ching's wrist watch. Ching called out for help and his alarm attracted the attention of a passer-by who gave chase and arrested one of the men. The three others were on the point of returning to the scene to help when Mr. J. G. Meyer and a friend came by in a car and got off to investigate.

Thinking that it was only an ordinary brawl, Mr. Meyer separated the two and the man ran away. Ching later arrived and explained the circumstances to the Europeans who gave chase and arrested the first accused.

The chase went on and Private J. P. Watkins, of the Middlesex Regiment, who was getting off the bus, had his attention attracted and joined in the chase. The second accused turned into another road and Private Watkins had to board a bus to catch up with and arrest the second accused.

COLLISION SEQUEL

JUDGMENT FOR PLAINTIFF

A claim for \$145.20 for damages to his lorry following a collision was brought by Ip Ngau against another driver, Wong Shui, who was concluded before Mr. Justice E. H. Williams at the Summary Court yesterday. Judgment was given for the plaintiff.

The damages were caused through the alleged negligent driving of Wong Shui.

Mr. W. A. Mackinlay appeared for the plaintiff and the defendant was represented by Mr. F. H. Loseby.

It was alleged that while driving a lorry along Connaught Road West on May 8, the defendant overtook the plaintiff's lorry and having passed it on the right hand side, crossed to the left of the road in front of Ip's vehicle.

It was also alleged that the defendant drew in front of plaintiff's lorry, without giving any signal or indication of his intention, and failed to keep a proper lookout.

\$20,800 ESTATE

Local estate to the value of \$20,800 were left by the late Mr. John Herbert Roberts, late manager of the British Tobacco Company, who died on March 18 this year.

The late Mr. Roberts met his death following a traffic accident when the car, in which he was driving, skidded and plunged into the harbour off Gloucester Road.

Letters of administration with the will annexed of the estate was granted to Mr. Ernest Lansdown, of Pedder Building.

Mr. Edward W. Abbot, Lt. F. R. Bond and family, Comdr John G. Farrell, Lt. J. Frederick Harding and family, Lt. George Robinson and family, and Lt. Herbert Ray Trump (Chaplain) and family, all U.S. Navy personnel, passed through Hongkong yesterday on their way to the States.

ROUND THE POLICE COURTS

AT CENTRAL

PO LEUNG KUK ESCAPE

Leung Kan-min, 21, spinster of Canton, was sentenced to three months' hard labour when she appeared before Mr. H. G. Sheldon at the Central Magistracy yesterday charged with assisting two girls to escape from the Po Leung Kuk on July 11.

Insp. G. W. Moreton, prosecuting, said that defendant and the two girls, Lee Shiu-yee, 15, and Lam Siu-king, 18, were all put in the "J" Room of the Po Leung Kuk. It was customary for the Matron to make a patrol every four hours and at 12.30 on July 11 the Matron looked into "J" Room and the three girls were all there.

On her next round at 5.30 p.m. the Matron found the girls gone and the iron grille of the window forced open. Tied to the window were three bed sheets which the girls had twisted into a rope by means of which they made their descent to the ground.

On Tuesday morning defendant was arrested by a Chinese detective on board the s.s. Kinshan. The other two girls are still missing. Insp. Moreton told the Court that it was a serious offence as all the girls were suffering from venereal disease.

PEAK RESIDENT FINED

A fine of \$25 was imposed on Mr. M. Nemaze of No. 13 The Peak when he was summoned before Mr. H. G. Sheldon at the Central Magistracy yesterday for failing to comply with a notice served on him by the Urban Council to destroy mosquito larvae for preventing the recurrence of mosquito breeding.

Mr. W. C. Hung, appearing for the defendant, said that he was instructed by his client to plead guilty. In mitigation he said that the gardener failed to carry out the order of his master to clean out the place.

TRADING WITH GERMANY

Hearing was fixed for July 26 at 2.30 p.m. by Mr. H. G. Sheldon in the case in which Donald Shing, manager of Chester Hoover and Co., 18 David House, is summoned on a breach of the Defence Regulations, to wit, trading with Albert Bergmann of Gelnberg, Thuringen, Germany.

Mr. T. J. Gould is appearing for the prosecution and Mr. C. d'Almada is for the defence.

SPECIALISED IN WRIST WATCHES

A specialist in wrist watch snatching a 24-year-old unemployed, Lo Ying, will now have to take an enforced respite from his favourite pastime for 12 months.

Yesterday, before Mr. H. G. Sheldon at the Central Magistracy, he was convicted on three charges of snatching on July 8, 9 and 12 and was sentenced to four months' imprisonment on each count, with 24 strokes of the cane.

The Court was asked by Det-Sgt. V. M. Morrison to take a serious view of the case as one of the complainants was badly bruised about the wrist and another sustained injuries to her knees when pushed by defendant.

When arrested, Lo had 11 watches in his possession.

WOMAN FINED

A conviction was registered on the first count when Cheng Mak-ki, 23, married woman, appeared before Mr. H. G. Sheldon yesterday on two charges of operating a food stall at Tsing Fung Street on July 18 without a licence and with obstruction of a public officer in the performance of his duty. She pleaded guilty to the first charge and was fined \$2. The second charge was dismissed.

Insp. Watson, of the Sanitary Department, appeared as complainant.

FIREMAN CHARGED

Hearing was adjourned to July 23 when Au Ng, fireman No. 3 at Central Fire Station, appeared before Mr. Sheldon charged with impersonating a police officer.

It was alleged by Det-Sgt. J. Bentley that on July 1 defendant went to No. 6, Gresson Street and told complainant, Cheung Yuet-kun, that he was Detective C64, Yuen Chi-wing, and demanded to know why complainant was removing night soil from a certain house in Gresson Street.

Cheung became suspicious and followed defendant out of the house. On gaining the street he blew her police whistle and defendant was arrested by Sgt. Watson. Following evidence for the prosecution hearing was adjourned. Mr. M. A. da Silva appeared for the defence.

AT KOWLOON

THE UNLUCKY ONE

A Chinese youth, Tsui Ka-tak, 18, who persisted in the statement that he had no relatives in the Colony, had a narrow escape from being recommended by the Magistrate for expulsion when he appeared before Mr. E. Himsforth at Kowloon Court yesterday on a charge of larceny in Canton Road.

An elderly man came forward who stated that the youth in dock was his son and he would be willing to look after him when he came out of prison. "His mother is also here," the man who had spoken for his son stated.

It was charged that at 4.20 p.m. on Tuesday six youths, defendant among them, held up a woman in Canton Road and took 99 cents from her. Defendant was the only one of the six taken in custody.

EXTRA WEEK FOR SPITTING!

Ho Hoi, 34, a lawker, of No. 3, Bedford Road, was sentenced to six months' hard labour when he appeared before Mr. E. Himsforth at Kowloon Court yesterday on a charge of larceny of \$533.73 from a fellow lodger.

He was additionally sentenced to one week with hard labour for spitting in the dock while awaiting sentence.

Det-Sgt. Morrison, prosecuting, said that about 3.40 a.m. on Tuesday the complainant, a woman named Lai Shing-yee, 19, was sleeping in her cubicle when she felt something touch her head.

She arose from her bed to see a figure running out of the cubicle, and immediately gave chase. She caught defendant in the kitchen after a chase through the passage-way, where she also picked up her purse.

UMBRELLA FACTORY SUMMONED

A summons against the Nam Tai Umbrella Wire Frame Factory of Kowloon was adjourned one week at Kowloon Court yesterday when the manager of the company failed to put in an appearance.

The charge against him was that he had failed to fence four newly installed machines which were of the type endangering the safety of factory hands who would venture too near.

A representative of the factory put in an appearance, but he was informed that it was essential the manager be present as the charge was of a rather serious nature.

Mr. D. W. Phillips, Assistant Inspector of Factories and Workshops, is pressing the charge.

ROBBED A FARMER

Sentence of six months each with hard labour was imposed by Mr. Q. A. Macfadyen at Kowloon Court yesterday on three men, Lo Po, 23, Chan Wing-ki, 17, and Li Chuen, 20, convicted of the larceny of \$700 in Chinese currency and \$30 Hongkong from a farmer of Tsun Wan, Li Lan, in Shek Lung Street.

Det-Sgt. Johnson, prosecuting, said that complainant came from Tsun Wan to visit an exchange shop and was left destitute by the thieves, one of whom had not been arrested.

Nothing of the stolen money had been recovered, and the complainant could not travel back home at his own expense.

ANOTHER REMAND

The case against Anthony Bartholomew Yap alias Yap Siu-fat, 27, advertising agent, of Seremban, Malaya, charged on eight counts of obtaining money or goods by false pretences, and against Mak Shu, 40, master of the Morrison Store of No. 11, Tin Lok Lane, appearing on five counts of receiving goods unlawfully obtained, was remanded a further 24 hours for hearing at Kowloon Court yesterday.

The case against Mak Shu, Yap having already pleaded guilty to all charges, was to have been heard yesterday, but the remand was necessitated by the prosecuting officer, Det-Sgt. N. B. Fraser, being engaged in another Court.

Second defendant, who pleaded not guilty to all the charges against him, is on bail of \$500. He will be defended by Mr. F. Zimmerman.

Mr. Arthur Moreno, Jr., electrical engineer for General Electric, who has been doing special work in Singapore, arrived in Hongkong yesterday on his way to the United States to take up a new appointment. He is accompanied by his wife and child.

BRITAIN & THE FAR EAST

WHILE an official statement on the subject is still being awaited, it is now generally accepted that the British Government has agreed in principle to the Japanese demand for the closure of the Burma Route with the qualification that the closure be limited to three months and that this period should be used for seeking to bring about peace between China and Japan. The resentment which began to be apparent in Chinese circles when the first hints of the decision became known has now increased and, coupled with the pungent criticism of the British action abroad, particularly in the United States, has added to the complications of the political situation in the Far East. The Chinese Government's views on the issue must be most important, in view of the reactions which the decision is likely to produce in the near future on Far Eastern affairs. From the Chinese point of view, therefore, it is pertinent to question the motives which induced the British Government to commit themselves to this agreement with Japan—a step which is in direct contrast to Britain's own well-defined policy in the West.

THE FACT that Britain is fully preoccupied at home with the urgency of preparing to defend her own national existence is recognised and appreciated and there is every sympathy for the British Government's desire to avoid embarrassing the Empire in hostilities with Japan. It is, indeed, a difficult predicament in which Britain finds herself today. But it is equally patent that the concession now made to Japan will in no way eliminate further pressure being applied on Britain by Japan's militarists in order to take full advantage of this decision, which, in Tokyo, is certain to be interpreted as a sign of weakness. The trend of current events in Japan already points in this direction. The resignation of the Yonal Cabinet, due to pressure put upon it by the militarists, and the formation of a new Government, under Japan's War Party, makes it clear that Japan sees ahead of her the very opportunity for which she has been seeking and that even heavier demands will be made on Britain's interests in the Orient. In plain words, Japan's bluff has apparently succeeded.

BRITAIN, therefore, is being charged now with committing herself to a decision which will aid China's enemy and at the same time jeopardise her own interests and prestige in the East. The Chinese Ambassador in London, in his protest to the Home Government, referred to the British decision as striking a "grave blow at China." The traffic that passes over the Burma Route, as far as actual war materials are concerned, is admittedly small, but it is the principle

INITIAL EXCITEMENT HAS CALMED DOWN

Registration Decrease At Supreme Court

INDICATIONS THAT THE POPULATION HAS GOT OVER THE INITIAL EXCITEMENT and has considerably calmed down can be noted by the fact that the registration of British females and children, under 18 years of age and men, over 55 years, in the past few days, has decreased in numbers as compared to the opening two days.

The large crowds which was a familiar sight during the first two days of registration are to be seen no more.

A visit paid to the Supreme Court yesterday afternoon by a representative of the Hongkong Daily Press revealed that shortly after 3 p.m. not a single person was registering at the time.

It is learned that during the rush in the first two days the total number of persons registered exceeded that recorded in subsequent days.

NO EXACT NUMBER
An official of the Registration of Persons Office interviewed by a Daily Press representative yesterday, said that the exact number of persons registered could not be given, as the number changes every hour.

He disclosed, however, that according to the later figures available the total number registered was 500 males, 2,000 females and 1,200 children, or a total of approximately 3,700.

The official emphasised that those who have not registered should do so without delay and persons already registered, who intend to leave the colony, should remember to inform the Registration of Persons Office either personally or in writing.

DEATH OF MRS. E. DA S. A. DE V. SOARES

WIFE OF ACTING PORTUGUESE CONSUL

We regret to record the death of Mrs. Emma da Soledade Alves de Vasconcellos Soares which occurred at the Canossa Hospital yesterday after a brief illness.

Wife of Mr. E. P. de Vasconcellos Soares, the Acting Portuguese Consul-General at Hongkong, the deceased was 69 years of age and is survived by her husband, a married daughter, three sons, Messrs. M. M. de V. J. R. de V. and L. A. de V. Soares, and other relatives to whom the deepest sympathy of a wide circle of friends will be extended.

The cortege will leave Anderson's funeral parlour at 5.10 this afternoon passing the Monument, Happy Valley, at 5.30 o'clock.

told the Daily Press that he could not disclose any details at the moment but said that registration was going on smoothly. He added that he might be able to disclose in a day or two.

It is learned from an official of the Chinese Merchants' Club that the registration of Chinese residents of the Colony who have rendered service to Britain was closed more than a week ago.

About 200 forms were sent out to different families and, as requested, they were returned within 24 hours.

of the question to which we object. It is, nevertheless, heartening to learn that the Chinese people, under the very able leadership of Generalissimo Chiang Kai-shek, are determined to continue their resistance, unceasingly until they have driven the Japanese from their territory and rid their country of the aggressor.

THESE are considerations which have arisen over the British decision and which have produced a painful impression in Chinese quarters. It is, therefore, imperative that the British Government should make a full statement on the subject and avoid any further clouding of an issue of such grave importance.

The most unfortunate part of the concession made to Japan is that the Burma Route issue has been linked with the need for the termination of the Sino-Japanese hostilities with an honourable peace. The Chinese Government certainly questions Britain's right to decide what should be an honourable peace for China, which has all along reiterated that only the complete withdrawal of Japanese troops from Chinese territory will open the way for any peace negotiations.

NEWS OF THE WOMEN
Colony's Evacuees Doing Well "In Old Manila"

By "One Of The Women"

Well you lucky exemptees from Evacuation—and the men. Here we all are!

Feminine Hongkong has moved in en masse to these friendly Philippine Isles, and enormously grateful we are for the great kindness and hospitality we are receiving all round.

In spite of certain discomforts on board ship Hongkong cheer is coming to the top again. Familiar faces of our friends pop around every corner, and all our children are having a high old time in spite of perpetual pouring rain, which seems to be a characteristic of this part of the world.

Hongkong lovelies emerge in the streets of Baguio—whither lots of us were sent—in the gayest bright coloured rubber boots—made in the country we are told. Slender Hongkong waists are encircled with the most attractive embroidered belts and sashed which can be bought quite reasonably in the fascinating market where we do our household shopping.

Of course living is expensive—every thing costs about twice as much as it does in Hongkong, if not more. So if we have bungalows or flats we just get down to it and do our own work and dream of the time when we shall see our beloved amahs and "Boys" again.

Sunny Hole is going native, and gets a local two-hourly damsel, to cook Filipino dishes of rice and chicken. When the children refuse to eat them they just have to fill up with bananas and pineapple, all very "Swiss Family Robinson" and very wholesome.

Mrs. Prior tells me she has taken to roller-skating by way of exercise. Mrs. Armstrong and Mrs. Hugh Jones are among the Baguio crowd who are mostly Army or Navy.

The American Red Cross, bless them, have worked miracles getting prams, woggles, radios and Heaven knows what for us refugees, and Chinese methods of transporting infants is no longer so essential as it was at first. How young mothers blessed their Amahs for making those back slogs for going on board the boat, although we noticed the babies protected rather at being carried that at first.

Our greetings to Hongkong and don't forget to tell us to return at the first possible moment. A forced holiday is all very well, but we want to come home, please.

KEEP ORCHARDS FREE FROM VIRUS DISEASES

Various types of virus diseases of fruit trees have been observed in Canadian orchards. These types include mosaic of apple, crinkle or cherry, cherry mottle leaf, and prune mosaic.

They cannot be regarded as serious at present, says the Canadian Horticultural report on horticultural research conducted in 1939, but the time may come when, through lack of appreciation of their possible importance, they may become so well established that serious losses may result.

The officers of the Division of Botany and Plant Pathology, Science Service, Dominion Department of Agriculture, who have paid particular attention to these diseases, offer the following recommendations: (1) apple or plum trees showing characteristic mottling and cherry trees with crinkled or mottled foliage should be marked for destruction; (2) if such trees are still in full production, they should be left until they begin to show a marked reduction in yield and then destroyed; (3) under no circumstances should affected trees be used as a source of wood for grafting, nor should healthy wood be grafted on them.

The application of these recommendations will cause little loss to the grower and should be of great value in checking the spread of the diseases.

LONDON STOCK EXCHANGE

LONDON, July 17 (Reuter).—In the Stock Exchange, prices were well maintained despite quietness and tracking. Japanese bonds tended to ease on expectation of a change in the Japanese Government.

Gilt-edged securities were steady. Industrials were mainly better, and Kamras in deep levels, were quietly supported. Wall Street was steady.

CUCUMBER BEETLES ARE FAST WORKERS

Striped cucumber beetles are small insects about a quarter inch in length. They feed on cucumbers, squash, melons, and similar plants. The beetles are yellow in colour, with a black head and three stripes down the back.

Shortly after the beetles break through the soil, they attack the plants, feeding on the under surfaces of the unfolding leaves which often are completely destroyed. As a result the tiny plants quickly die.

Growers with large patches of any of these plants are advised by Alan G. Duxon, Entomological Division, Dominion Department of Agriculture, to watch closely for the first appearance of the cucumber beetle. If appreciable damage is being done, control measures should be taken at once.

DUSTED WITH MIXTURE

The plants should be dusted with a mixture of calcium arsenate and gypsum (land plaster), using one part arsenate to 20 parts (by weight) of gypsum, and covering the plants thoroughly on both the upper and lower surfaces of the leaves, as the insects feed in both positions.

Hydrated lime may be substituted for gypsum, but the lime tends to dwarf the plants and temporarily retard their growth.

To ensure success, dusting should be commenced on the first appearance of the beetles because they work very fast and much damage may be done before their presence is suspected.

Three or four applications a few days apart, depending on the severity of the attack, are usually sufficient to hold the beetles in check.

BLOOD PRESSURE

Generally No Cause For Worry

Certain symptoms have the peculiar faculty of catching popular fancy. For example, sugar or albumin in the urine, or a rise in blood pressure, are according to popular belief, positive signs of disease.

However, sugar in the urine, may, but does not invariably, point to the existence of diabetes. Albumin in the urine may, but does not always, connote kidney disease. A rise in blood pressure does not usually, and certainly not invariably, point to the existence of arterio-sclerosis of heart disease.

At this time, because of the vast amount of propaganda on heart disease, the man in the street is likely to be much concerned about high blood pressure. Often he confronts his physician with "Doctor, have I blood pressure?" The doctor is likely to reply with a reassuring smile, "Of course, otherwise you could hardly expect to remain alive." The patient may then say, but what I mean is, have I high blood pressure?

PHYSICIAN STUMPED
And here the physician is stumped. For if he tells his patient assuming it is so, that his blood pressure is somewhat higher than normal, he is likely to give rise to a persistent worry, which will neither benefit the patient nor his elevated blood pressure.

It is of course true that there are cases where persistent high blood pressure is followed by disastrous consequences.

In such cases, however, the underlying difficulty is not in the heightened blood pressure, but in the pathologic changes which have caused or necessitated an elevation in the blood pressure. In many cases the patient with high blood pressure is able to live and carry on precisely because his blood pressure is high.

An English physician tells now one of his colleagues, an active energetic individual suffering from high blood pressure, came to him asking whether he ought to retire because of his disability.

Since the patient could ill afford to retire, the physician suggested that he should take no notice of the blood-pressure rise, but continue his activity and just see what happened. The patient followed this counsel and for 14 years has been able to carry on an active and fruitful life.

Indian Handicraft Display

Indian handicraft workers from the St. Regis, Caughnawaga, and Odanak Reserves in Quebec demonstrated their inherent talents at an arts and crafts fair held by the Montreal Tercentenary Commission. This exhibition was staged within the historic fortifications on St. Helen's Island, in the St. Lawrence River, opposite Montreal.

In the section of the old military barracks placed at the disposal of the Welfare and Training Service, Indian Affairs Branch, Department of Mines and Resources, visitors had an opportunity to see how Indian baskets and other articles are made.

The tribal custom of making beautiful articles from splints woven from black ash logs and pouter with sweet grass from the marshes was demonstrated by noted basket makers. Skilled workers made chairs with snow-shoe seats of rawhide, and manufacture canoes, large and small, from the bark of the silver birch.

A young Indian girl of Caughnawaga demonstrated the art of woven beadwork, while another wove on a loom intricate designs in brilliantly coloured yarns.

Indian handicraft articles on display and for sale included basketry, handwoven materials, beadwork, bark and wooden souvenirs, which have been made on the various reserves during the winter months.

Of particular interest was a sample assortment of gloves, hand-knit by the Indians from yarn spun from buffalo scrapings—wool-like fur rubbed off of trees by the buffalo.

Several bags of these scrapings were collected by the wardens in Canada's national parks, and sent to the Indian reserves where the material was cleaned, carded, spun, and knit into durable gloves which, by reason of the oils retained in the yarn, are virtually waterproof.

CHEESE FOR EXPORT TO BE WHITE

The Dairy Products Board announced, following its first meeting held in Ottawa recently, that all "cheese" manufactured in Canada after the 31st day of May, 1940, to be acceptable for export to the United Kingdom, must be white and unaxed.

Under a recent agreement the British Ministry of Food will buy up to November 30, 1940, a total of 78,400,000 lb. of Canadian cheese at a price of 14 cents per lb. for first grade cheese, f.o.b. steamship at Montreal during the season of navigation and 14 cents f.o.b. rail Montreal during the winter months.

The export will be arranged by the Dairy Products Board.

EUROPE FACING FOOD FAMINE

The German food situation is authoritatively believed to be comparable to that in March, 1918.

The Belgian situation, it is stated, is desperate, and famine may start in two months. The German authorities admit the necessity of urgently assisting Norway, which imported, three quarters of its grain. Poland was invaded at the sowing season, and mobilization seriously interfered with sowing in many other areas. Danubian prospects are said to be particularly poor.

It is believed that Russia is not supplying Germany with any important foods. Lithuania, Latvia and Estonia, it is added, must feed Soviet garrisons. Instead of exporting to Germany.

Italy, whose standard of living has been falling for a decade and is now below that of Germany, these circles assert, is unable to help. From July 1st, which normally is Italy's flushest supply period, bread may contain only 80 per cent. of wheat flour.

NOW RAVAGED

France is barely self-supporting at best and now ravaged.

It is reckoned that the winter grain yield of all of Continental Europe will be reduced at least by 25 per cent., possibly 50 per cent., owing to interrupted sowing, hard winter, spring floods, diversion of man-power, military destruction and shortage of horses, fertilizers and oil for machinery.

In contrast with the gloomy food outlook in Nazi-occupied Europe, cables from Ottawa suggest that Canada promises to break all records in grain production.

There are nearly 1,500,000 acres more under wheat this year while in the maritime provinces rains have induced excellent growths of pastures and forage crops. In addition, Canada will have a record carry-over of 241,000,000 bushels of wheat with the new season on July 31.

SALES OF FARM IMPLEMENTS

According to the census of merchandising and service establishments in Canada in 1939, the sales of farm implements and equipment were 6.3 per cent. less than in 1938 but 10.3 per cent. higher than the 1937 level.

Domestic sales at wholesale prices to dealers in 1939 totalled \$38,927,654 compared with \$36,213,582 in 1938 and \$39,775,196 in 1937. These figures relate to the sale of new equipment and machinery only, and do not include the sales of parts, binder twine, and motor trucks.

MARKED INCREASE

At the same time, the marked increase in combined sales which commenced in 1938 was continued in 1939 when 2,644 units sold for \$2,913,585, an increase of 97 per cent. in number and 83 per cent. in value from the preceding year. Tractor sales were slightly higher in 1939 with 13,410 sales compared with 13,230 in 1938.

Tractor-drawn ploughs registered increases, six per cent. for mouldboard and 16 per cent. for disc types. Most of the other kinds of heavier farm machinery showed a decline.

All types of ploughs sold in Canada in 1939 totalled 24,339, a decrease by 4 per cent. from the number sold in 1938, the decrease being general for all types of horse-drawn ploughs.

The market was quiet.

NEW YORK COTTON: Prices closed at around the day's best levels. Buying was more general. The supply of contracts was quiet and limited. Sentiment was aided by expectations a higher loan this season, possibly one cent above that of last season. Weather conditions generally are unfavourable.

NEW YORK RUBBER: Intermittent government purchases are reported.

CHICAGO WHEAT: The diminishing of hedge pressure under the influence of the loan, unfavourable weather news in the North-West and the strength of the cash position encouraged replacing of long lines.

NEW YORK STOCKS: Previous close, 121.72; Today's close, 123.12; Change, up 1.40.

**Germany Now Facing Serious
Shortage Of Lubricating Oil**

ISTANBUL, July 17 (Reuter).—Germany is facing a serious shortage of lubrication oils which is necessary for her war machines, especially aircraft according to a highly placed British oil expert who has arrived here from Rumania.

The expert said that Germany might have enough petrol for the time being but lubrication oil is almost certainly weakest in her war supplies.

Before the war she imported 90 per cent of her requirements from Texas, Mexico and elsewhere across the Atlantic, and the British Navy has now entirely cut off these supplies.

Russia is sending her only small quantities. Rumania has not enough lubricating oil for her own requirements and, therefore, is unable to send Germany any.

The expert added that an examination of the planes captured from the Germans showed that she is already experiencing lubricating oil difficulties, as the oil in the engines has been found to be in such a poor state that the British Air Force would never dream of using it.

FARLEY'S ACTION

CHICAGO, July 17 (Reuter).—Senator Farley stated that he would have his name placed for nomination along those of Vice-President Garner and Senators Wheeler and Tydings, thus preventing President Roosevelt's nomination by acclamation.

**FASCIST CLAIM
RIDICULED**

LONDON, July 17 (Reuter).—In the course of a leader today the "New York Herald-Tribune" ridicules the Fascist claims to have hit ships such as the Ark Royal, which the Germans say they have already sunk.

The paper notes that in their zeal they have reported the sinking of more capital ships and cruisers than the British had at the beginning of the war.

"We prefer to believe, and it is a tribute to the British war effort, that the yards on the Tyne, Mersey and Clyde are launching warships as fast as Lord Haw Haw can ask 'Where is the Ark Royal?'"

Fine Tribute To R.A.F.

Continued from Page 1

we do lack is the space to train them. This is the reason why we welcome the splendid young pilots, gunners and wireless operators who have flocked here from the Empire countries.

The Empire Air Training scheme was a magnificent conception. All these men who have come here have joined together in a magnificent effort. Southern Rhodesia and South Africa has set a great example and in addition the other Dominions and Colonies are supporting Britain's air effort in a manner which cannot be too highly praised.

"These men, when they come to serve side by side with the Royal Air Force will find beside them men from all parts of the Empire, united by a common spirit to serve the Empire with a keen desire to engage the enemy."

FINEST TYPE

"Let me say that they will be equipped with the finest type of aircraft in the world today. They will be welcomed into the comradeship of the Royal Air Force and they will fight to rid the world of the pitiless rule of Nazi Germany and to give the suffering peoples of Europe freedom and peace."

In opening his talk, Sir Archibald Sinclair said that seven months had passed since the then Secretary for Air, Sir Kingsley Wood, had spoken about the Commonwealth Air Training Scheme. That was at Christmas, when the war in Europe was passing through a practically quiet period.

Since then much had happened and the situation in Great Britain and her partners had changed. "Our strategical position is less favourable today than it then was," continued Sir Archibald, "but our people have been roused and their spirit has been hardened and our Army, our Fleet and our air force have been strengthened materially."

THREE THINGS

"There are three things which come most strongly to my mind since the invasion of the Low Countries by Germany—they are the power of the British Navy, the dogged spirit of the Army and the supreme audacity and courage of the Royal Air Force."

"During the opening months of the war, both sides were sparing in the air. Both sides were testing the efficiency of their equipment and the adequacy of their training. During those seven months, the Royal Air Force has sized up the Germans pretty well. They know that the German Air Force, effective and powerful though they may be, cannot come near our shores without suffering great losses."

"At the beginning of the active phase of the fighting in Europe, many R.A.F. squadrons of bombers and fighters were stationed in France and these squadrons launched untiring attacks on the enemy during the Battle of France. A gallant part was played during that period by the men who came to the Royal Air Force from Canada and our fighters showed their supremacy over the Germans."

NEGLECTIBLE DAMAGE

"Recently, the enemy has once again taken up the offensive in the air and by day and night attacks on this country have continued with little intermission. In these attacks the Royal Air Force have maintained and increased their ascendancy over the German Air Force. So far, the enemy, whether they attacked by night or day, have only been able to inflict negligible damage."

"We have not been content with staving off these attacks by the enemy. The Royal Air Force have been working on a systematic destruction of military objectives of the enemy which are so vital to the war effort. We have reason to believe that the damage caused to oil tanks and refineries, aircraft factories and depots and railway communications has been very heavy indeed. There has scarcely been one hour in which we have not carried the war into enemy territory."

"High honour in these attacks goes to the representatives from New Zealand. We are hitting the Germans hard in Germany and we are going on hitting them."

"There is another side of the operations of the Royal Air Force. Germany now has a coastline extending from Narvik in the north of Norway to the Pyrenees in the south of France. A ceaseless watch has now to be maintained on this huge coastline, for if the enemy is planning an invasion of

WATER-POLO ENTHUSIASTS SEE THRILLING MATCH

Chan Sek-pui Hero Of Chung Shing

Every vantage point at the Chung Shing Bathing Pavilion, Kennedy Town, last night was packed with water-polo enthusiasts who and were treated to a fast and thrilling encounter between teams from the EASTERN ATHLETIC ASSOCIATION and CHUNG SHING, the match ending in a win for the latter by 5-1 after a very evenly contested first half.

The home team was considerably strengthened by the inclusion of Ng Nin, one of last year's most promising swimmers, who recently returned from Singapore.

For the winners, Thong Siu-fai, in goal, played an exceptionally fine game saving on several occasions point blank shots, while Ng Nin made his presence felt by opening the scoring for his side with a magnificent goal.

CLASS BY HIMSELF

But the hero of the game was undoubtedly the veteran Chan Sek-pui who gave a polished performance. He was in a class by himself and, in netting four of the goals in succession in the second half, he displayed not only coolness but perfect positional play.

The Eastern team, though defeated by a big margin, acquitted themselves very creditably, especially in the first half, when they more than held their own.

They fell to pieces in the second half. Outstanding for them were Shek Kam-pui, in the pivotal berth, and Li Fook-ki, centre-forward, but without adequate support they could not make much headway against the opposition.

THE TEAMS

Chung Shing:—Thong Siu-fai; Poon Ping-man and Kong Cheuk-chau; Chung Sze-chi; Ng Nin, Chan Sek-pui and Cheong Chi-heung.

Eastern Athletic Association:—Woo Cho-kin; Yeung Man-kit and Kok Fung-sang; Shek Kam-pui; Wong Chi-hung, Li Fook-ki and Siew Hung-yu.

OPEN PAIRS TOURNEY

One of the best game in the Open Pairs of the lawn bowls tourney—between A. R. Minu and A. K. Minu and U. M. Omar and A. M. Omar—which was to have taken place on the Civil Service C.C. green yesterday, was postponed.

It is learned that A. M. Omar is still in hospital and is expected to be out by the week-end. The match may be played next week.

OTHER RESULTS

Results of other games on the C.S.C. green were: R. Bass and J. S. Landolt beat J. E. Noronha and C. G. Silva 19 shots to 17; H. A. Alves and F. V. Ribeiro beat J. S. Riddell and Atkins 26-21.

B. Basto and C. B. Marques have received a walk-over from H. E. Strange and J. F. McGowan and will now enter the third round. On the Police R.C. green, J. Gellatly and L. Collier beat E. A. Atkins and H. White by 19 shots to 17.

KOWLOON MATCHES

At the Kowloon Football Club, A. K. Sufiad and M. R. Abbas beat C.S.M. Thom and W. Williamson 23-15.

F. Jones and A. W. Grimmit (winners in 1934) beat A. H. Castro and V. Allenza 19-17.

U.S. BASEBALL RESULTS

NEW YORK, July 17 (Reuter).—Brooklyn Dodgers sustained defeat at the hands of the Pittsburgh Pirates yesterday in the National Baseball League by 5-3. Scores were:

NATIONAL LEAGUE

this country, he can launch his attack from anywhere along this coast.

"All places of assembly along this wide line have therefore to be vigilantly watched, in addition to the west of England, in Ireland and up to Iceland and as far off as Greenland."

"This work of coastal patrol is extremely hard. The Australian squadrons have played their part in this work with conspicuous success."

ACTIVITY REDUCED

BERLIN, July 17 (Reuter).—A High Command communique states that "owing to the unfavourable weather, activity of the Air Force was reduced." It adds: "There were no enemy flights into Germany."
